Deaths and Funerals

DRYSDALE—Joseph Drysdale, a well-known resident of Ogden, was stricken with heart failure last night, while on the street, and died before he could be taken to the hospital. He was born in Scotland 55 years ago, the son of James and Elizabeth English Drysdale, and came to Utah in 1877. He is survived by the following children: Samuel, Joseph, John, Oli-

ver, Lizzie, Pearl, Maggie and Sarah, and the following brothers and sisters: John Drysdale of Pittsburgh, Pa.; James Drysdale, Mrs. Elizabeth Wheelwright, Samuel Drysdale and William Drysdale. The body was removed to the Larkin mortuary and the funeral announcements will be made later.

COLLINS—Funeral services for Mrs. Mary Collins were held yesterday afternoon in the Larkin & Sons' chapel, with Bishop Thomas B. Wheelwright presiding. They were largely attended and many floral tributes were placed upon the bier. Special music was furnished as follows: Solo, "Sleep, O Sleep," William H. Manning; solo, "I'm a Pilgrim," George Manning; and duets, "Bygone Days" and "Come Unto Me," George and William Manning. The speakers were William Perrington, Patriarch G. W. Larkin and E. A. Larkin. Grateful Mothers Tell Experiences

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar Compound cured my boy of a very severe attack of croup after other remedies had failed. Our milkman cured his children of whooping cough. I recommend it to every one, as we know from our own experience that it is a wonderful remedy for coughs, colds, croup, and whooping cough."

Mrs. D. Gillespie, Youngstown, O., writes: "My little girl had a severe cold and coughed almost continuously. I tried lots of cough remedies, but she didn't get any better. My sister recommended Foley's Honey and Tar Compound to me. The first dose I gave her relieved the inflammation in her throat, and after using one bottle the cough left her."

This sterling old remedy has been in use for years and is just as efficient for adults as for children. It gives relief for irritated and tickling throat, tight and sore chest, croup and bronchial coughs.

A NEW SUGAR FACTORY

Twenty-five years' experience in Utah has proven that capital cannot be more safely or profitably invested than in the beet sugar industry.

The Peoples Sugar Company has contracts with nearly 700 farmers in Sanpete county to raise beets on over 4,500 acres for three years—1917, 1918 and 1919.

The company has purchased the necessary beet seed for next year's planting.

It has selected and secured an excellent site for the factory—one and one-half miles south of Moroni in the center of a large beet area, where beets from 2,000 to 2,500 acres will be teamed to the factory next year.

James Stewart & Company have contracted to erect the factory and have already placed orders for some of the important machinery.

You can now secure stock in the Peoples Sugar Company on liberal terms.
